

ALL NEW!

IDEA GUIDE

Country Estate® is the original vinyl fence.

*From the people who care as much as you do.
We strive for 100% customer satisfaction.*

Like many home and ranch owners, you may be gathering information about Country Estate Fence because it is, once properly installed, free from traditional maintenance. Virtually every fence project is custom-fitted to a particular setting so we don't attempt to give pricing in the Fence Facts manual. An Authorized Independent Country Estate Dealer in your area will, however, come to your home and provide an obligation-free quotation to help you complete your project.

Thousands of homeowners have installed Country Estate Fence and we're always impressed with the positive comments they make. The bright white polymers and scientifically formulated color pigments compounded exclusively by Country Estate provide an agelessness found nowhere else in the fence industry.

Your Authorized Independent Country Estate Dealer will be contacting you soon, but always feel free to call us at 308-784-2500 for assistance. Thank you, once again, for asking about Country Estate Fence.

Country Estate®
 Products carry the
 industry's finest 50-Year
 Warranty or Limited
 Lifetime Warranty.

Country Estate®
50
 YEAR
 NON-PRORATED
 LIMITED
 WARRANTY
 OR LIMITED
 LIFETIME
 WARRANTY

If you find a major manufacturer's published warranty on PVC fencing that you and/or your attorney feel will better protect your investment than Country Estate's published warranty, submit your request to us in writing along with a copy of the competitor's warranty and we will warrant our product using the competitor's warranty rather than ours.

PVC You Can Trust

In countries outside of the United States, it is not uncommon for lead to be used as a stabilizer in PVC compounds because it is cheaper and easier to process than the high-quality, safe alternatives. There is currently no federal law in the United

States that prohibits producing or selling vinyl products, which contain lead. It is up to the manufacturers of vinyl products to police themselves and follow ethical business practices to keep lead out of their products. Nebraska Plastics, the manufacturer of Country Estate vinyl fence, deck and railing, feels that consumers should not have to worry about harmful lead hidden in PVC products and is proud to be able to state that they never have and never will use lead as a stabilizer in their vinyl products.

Country Estate® Gates

Country Estate Gates may be custom-built. Consult your Authorized Independent Country Estate Dealer.

We offer high quality Country Estate Gates for all of our fence styles. Country Estate gates include diagonal bracing and patented gate sockets for a long service life. Your gates will function best when placed on level ground . . . consult your dealer for the best solution. Heavy-duty commercial hardware also available.

Patented Gate Socket

The Country Estate patented gate socket is an extruded product that is more durable than a molded piece, featuring an impressive wall thickness. Once this patented gate socket is properly cemented inside the end upright of the gate and the rail is cemented inside of the socket, the rail cannot move in or out and it cannot move up, down or sideways. It is an especially good device because it is contained completely inside the upright and therefore, does not detract from the gate's appearance since it cannot be seen from the exterior. There are no external brackets or visible screws.

Rail Fence

Since the introduction of Country Estate® Fence, equine professionals have applauded the greater protection polyvinyl fence provides their animals. The day Country Estate Fence is installed properly, all traditional fence maintenance halts.

Country Estate®
Four Rail ▶

Standard Specifications

For Rail Fence (Conforms to ASTM F964)

Item	TxW	Length
Fence Rails	1 1/2" x 5 1/2" 2" x 6" 2 7/8" round	16'
Fence Posts	5" x 5" 5" O.D. round	6', 7', or 8'
Fence Post Cap (Deep flange cap or internal flange cap.)	5" x 5" 5" O.D. round	
Fence Post Bracket	1 1/2" x 5 1/2" 2" x 6"	

These standard measurements apply to both 1-1/2" x 5-1/2" rails and 2" x 6" rails.

- On all Country Estate rail fencing, the top rail is mounted 2" from the top of the post.
- On two-rail and three-rail fencing, there is 11 inches between rails.
- On four-rail fencing, there is 9 inches between the rails.

All Country Estate PVC Products may be Recycled.

Country Estate® Railing

Add lasting beauty with Country Estate porch, deck and balcony railing.

Country Estate Railings provide a beautiful finishing touch to any property and are free from traditional maintenance.

The wide selection of styles provides a beautiful complement for virtually any type of architecture.

All Country Estate Railings (except teardrop baluster) meet or exceed ICC specifications listed in AC-174 and have been independently verified by Architectural Testing Incorporated. You can view the Nebraska Plastics, Inc., Code Compliance Research Report at www.archtest.com.

Country Estate Railings are designed with aesthetics and safety in mind. When properly installed, Country Estate Railings are a beautiful and secure addition to your construction project.

Country Estate Railings are made with scientifically formulated polyvinyl compounds and reinforced with a system of aluminum and wood for lasting superior structural integrity.

Country Estate® Product Options

Combine the beauty and texture of natural wood with the durability of your favorite Country Estate vinyl products.

Streaked

Add the variegated look of natural wood to our most popular privacy fencing with Country Estate's new streaked profile. Our new streaking process allows a darker-colored pigment to be "streaked" through our almond, adobe or gray material to provide a wood-grained appearance, while still maintaining a smooth, easy-to-maintain surface. However, for an even more realistic look, our streaked profile can be combined with our new embossing process for a wood-textured surface.

Embossed

Combine the beauty and texture of natural wood with the durability of your favorite Country Estate vinyl products by adding our new embossed profile. Available on white, almond, adobe and gray vinyl products, our embossed profile not only adds a wood-like appearance, but provides a less glossy finish than our standard vinyl profiles. For an even more natural look, the embossed profile can be combined with our streaked profile for a variegated wood grained appearance.

Spider Board™

Change the look of any Lakeland, Hollingsworth or Montauk fencing choice with our new Spider Board option. Designed to replace the standard 7/8" x 7" verticals, Country Estate's Spider Board features identical dimensions, but provides the appearance of two 3 1/2" verticals. Consequently, all post spacings, rail lengths and slot cuts remain the same. Spider Board must be specified when ordering.

Maxwell Rail™

Enhance the look of our most popular Country Estate privacy fence styles with the new Maxwell rail. Available in white, almond, adobe and gray in standard lengths of 95 inches and 10 feet, it adds a touch of elegance when used in conjunction with your favorite fence style and/or handrail.

Your choice of traditional white (or four colors) and five unique post cap styles.

Once the product is extruded, whether packaged or not or stored inside or outside, it begins its normal weathering process. Changes may vary depending on the atmospheric conditions in your region. Acceptability with color is that the shades are within the specified range of set industry guidelines at the time of extrusion.

(Colors shown may vary as lighting and computer screen resolutions may vary)

INTRODUCING

the

COLLECTION

Inspired by classical American design in both style and execution, the Timber Estate™ Collection from Country Estate represents many periods and origins, distilled to traditional styles that add immediate beauty and value to your property.
